Hocker

Bootee.

It is conceded by our customers that the Hocker Bootee, as it is made to-day, is the best combination shoe and bootee that is made. The fact that each season records larger sales, justifies us in the belief that they are as near perfect as a high-class combination shoe can be made. We.

J. T. WALL & CO.,

bear the distinction of selling more of them than any other house handling a similar production. Do not buy any imitation, get the genuine Hocker Bootee if you want the best.

We Are the Sole Agents.

DEATH OF HENRY WOOD.

After a Long Struggle He Yields to the Call of the Grim Reaper.

WAS 31 YEARS OLD.

"Mother, Watch Me Go Through the Gates," Were His Dying Words.

Henry G. Wood, eldest son of the late Dr. Ben S. Wood, died Thursday night about 10 o'clock at the home of his mother, Mrs. Hellen Wood, on South Main street, at the age of 31 years. Consumption was finally the cause of his death.

During the past five months Mr. Wood had had to stay within doors and a greater part of the time he was confined to his bed. All that the family, friends and physicians could do for him was in vain and he gradually grew weaker and weaker till the end came.

It is not the life of Henry that we would speak, but of his hopeful death. He had known for some time that he could never recover and had held frequent conversation with Dr. A. P. Lyon, of the Methodist church, in regard to his soul's salvation. Dr. Lyon was to see him two weeks ago, and as he read to him from the Holy Word the many promises to those who believe, the young man exclaimed "Can such a sinful man as I have been be saved?" Other passages were quoted assuring him that it was possible for all to be saved, and he made a complete surrender to Christ. After that he delighted in talking to his mother and friends about his blessed hope.

Just before the end came he had Dr. Lyon called to his bedside. Dr. Lyon says he has seen a great many people die, and Mr. Wood's death was one of the most beautiful he has ever witnessed. Just before passing away he summoned his mother, sister and brothers to his bedside and bade them farewell. He deplored the wicked life he had lived, but said that God had forgiven him, and then said with his last breath: "Mother, watch me as I pass into the Gates." Then all was over.

The funeral services were conducted by Dr. Lyon at the home of his mother yesterday afternoon at 3 o'clock. The burial was in Hope-well Cemetery.

CONSPIRACY CHARGED

Against Prominent Kentuckian By Bond Reserve Company.

Lexington, Ky., Dec. 7.—The American Bond Reserve company, of Chicago, formerly the Southern Mutual Investment company of this city, filed suit for \$100,000 damages in the circuit court today against the Fidelity Trust company, W. W. Storts, John Alexander, J. H. Miller and Benjamin F. Washer, of Louisville, alleging that for the purpose of injuring the plaintiff company the defendants conspired together to induce coupon holders of the company to institute suits against the plaintiff company, and also that letters have been circulated by the defendants tending to convey the information that the affairs of the company were grossly mismanaged, and that the funds were being converted by the officials of the company to their own use and that the company was insolvent.

The alleged damaging letters said to have been circulated by the defendants were signed by W. W. Storts and J. H. Miller, committee.

The regular monthly meeting of the Christian County Chapter U. D. C. will be held at Hotel Latham Saturday afternoon. An interesting program has been arranged and considerable business will be transacted.

STANLEY ON LABOR.

Ollie James Is Well Taken Care of On Two Committees.

Washington, Dec. 8.—Several members of the Kentucky delegation are slated for places upon good committees. Ollie M. James, the ranking Democrat of Committee on Elections, No. 1, will probably be retained on the committee. Should the next House be Democratic this would make Mr. James chairman of that committee. Mr. James will also be a member of the Committee on Expenditures for the Navy, and probably of the Committee on Banking and Currency. Mr. Shirley will be a member of the Committee on Merchant Marine and Fisheries, as he is counted upon as a strong factor in the fight against the ship subsidy bill.

David H. Smith will probably be retained on the Judiciary Committee F. A. Hopkins, of the Tenth district, will be a member of the Committee on Invalid Pensions, and may be made a member of the Committee on Agriculture. South Trimble may be put on the Committee on Agriculture. G. G. Gilbert, it is said, is slated as member of the Committee on Insular Affairs. A. O. Stanley will probably be on the Committee on Labor, and James M. Richardson on the Committee on Printing.

KEEPING UP RECORD.

Chew Chai Lai, Vice-President of the Chinese Board of Foreign Affairs, is to be appointed Minister to the United States for China, to succeed Sir Cheng Tung Liang Cheng.

Senator Chauncey Depew, of New York, has tendered his resignation as a director of the Equitable Life Assurance Society. It will be presented to the Board of Directors at its next meeting.

As the result of a misunderstanding of the advertisement the two bids made for the hire of convicts in the Eddyville penitentiary were rejected by the Prison Commission and new bids will be solicited.

Kelans J. Steiner, Allegheny, Pa., has paid to Miss Isabella Gibney \$10,000 in settlement of her claim against him for alleged breach of promise. Miss Gibney returned to the wealthy Pennsylvania jewelry worth \$1,600 which he had given her during the days of his courtship.

Col. E. L. Starling is now editor of the Henderson Journal and shows signs of making his paper a straight-out supporter of the administration, while the Gleaner is a Blackburn organ. We may expect a red-hot newspaper war in the near future, for nothing pleases the Colonel better than a journalistic scrap.

Gov. Pennypacker, of Pennsylvania, has called a meeting of the National Divorce Conference in Washington, D. C., on Feb. 19. The meeting is called for the purpose of considering the divorce evil and devising methods for reform of existing conditions. The subject of uniform divorce legislation by the several states will be the prime topic of discussion. The question of Federal legislation on the divorce question will also be brought before the body.

Mrs. Ina Barry, who had for days defied the authorities at Girard, Kan., in the toilet room of a side-tracked railway coach, was finally put under arrest. She has been fully identified as the divorced wife of James F. Barry, of Lexington, Ky. A bundle of rags saturated with ammonia was pushed through the window of the toilet room and she was partially overcome by the drug. Before surrendering Mrs. Barry fired one shot at her captors, but without effect.

Congressman A. O. Stanley has introduced two important bills regulating tobacco. One bill gives to growers the right to stem, twist and manufacture tobacco into any form desired without being subject to any internal revenue tax. It also provides that twist tobacco shall not be subject to tax in the hands of any subsequent purchaser. The other, which is in relief of tobacco merchants, provides that tobacco in the natural leaf shall not be subject to any internal revenue tax or regulation whatever.

Preached at Bowling Green.

Rev. W. J. Hudspeth, of this city, South Kentucky evangelist of the Christian Church, preached at the Christian church in Bowling Green Wednesday night.

\$150,000

For a Government Building
Being Sought
For.

WE DON'T NEED IT.

A Few Facts Flavored With
Irony About Hopkins-
ville's Needs.

Don't think, for a moment, that it is our people who have put on their hustling clothes and are going to work to secure a Government building to cost \$150,000. Oh no! We don't need it. The second-hand furniture, which came here from Owensboro somewhere in the dim past, is good enough for the busiest and most progressive (?) town in the State. It's our neighbor, Bowling Green, that is up and moving instead of ourselves. Here is what the Times says about it:

"Hon J. M. Richardson, our representative in Congress, is getting ready to introduce a bill for a \$150,000 public building in Bowling Green. The same thing has been done by every Congressman we have had for twenty years, but we have never got the building yet, though many places of far less importance have secured them. We now have a Federal Court and in more need of the building than ever before, and it is to be hoped that Mr. Richardson's efforts to secure a building for us will be crowned with success."

The difference between Bowling Green people and Hopkinsville people is this: By perseverance and pluck Bowling Green has a Federal Court, though it is nearer to Owensboro than Hopkinsville. Once there was talk of our having a Federal Court, but there were not enough people who thought we needed it to secure it. Of course the project died-born-in. Again there was an effort made to get an appropriation by Congress for a \$50,000 building for the transaction of the large amount of business done by our efficient Postmaster, Dr. Chas. H. Hitt, but it was in vain. He did all possible, but our people did not put their shoulders to the wheel and help him as they should in the up-hill work.

And again, Bowling Green has a large and working Commercial Club. It is continually on the quiver and lets nothing that may be to the city's interest escape its attention. Not so here. We are growing because we can't help it. There is plenty of foreign capital seeking investment and a few think we ought to secure part of it.

Only this week a gentleman representing large capital wrote to one of our insurance agents for statistical data. By the assistance of another party the bank capital and surplus, population of the city and county, city and county tax rate, wheat, tobacco and other products, and other information was furnished. What is the use of having a Commercial Club when two men, who are not posted, can tell just about enough to keep a big enterprise away? A live commercial club might be the cause of bringing it here. Oh no, we don't need a commercial or business men's club. We might grow too fast and too big. We have all the capital we need and will "paddle our own canoe."

AMUSEMENTS.

The greatest show on earth coming Dec. 15th. It is with perfect confidence that Manager Ennis recommends Dickson & Massey's big spectacular production of "Humpty Dumpty & The Black Dwarf," which appears at Holland's Opera House, Friday, December 15. This marvelous spectacle is a combination of all that is good in amusement, with something in it that will appeal to all ages and classes of theatre-goers. Childhood, which is always delighted with the pranks of the merry clown and Pantaloo, will get more than its share of the fun, as these artists engaged for these roles are the best that money can procure. The ladies will be delighted with the magnificent costumes, and the men will go into ecstasies over the dancing and singing of a corps of pretty girls, which are as clever as they are numerous. In addition to this the magnificent light effects and the wonderful beauty of the transformation scene, will enthrall the theatre-goers who are tired of the average show. It is a revelation in amusement circles and a happy combination of all that is good and will delight everyone. Be sure and get tickets in advance, as it will no doubt draw the largest crowd of the season.

GRAND OPENING MONDAY

FOR INSPECTION ONLY.

Kress' Beautiful 5, 10 and 25 Cents Store.

The great Kress' store in the new building constructed for them by Mr. J. F. Garnett at 101 Main St., Hopkinsville, will be opened for inspection Monday from 3:00 to 5:30 and in the evening from 7:30 to 9:00 o'clock.

The prominent idea of this concern which throws open its doors for visitors, and the one which has been the means of their extraordinary success, will be readily appreciated by every person upon their entrance to their beautiful store; it is ideal in its convenience; it is the customers' store. Their working always for the customer has been justified by their success in other cities and Hopkinsville is fortunate in obtaining a concern which has built for us a grand structure, placed in it the most beautiful fixtures that could be secured and arranged them so that they are an adornment to our city and truly placed at our disposal a palace for buying at which it will always be a pleasure for us to meet our friends.

All will have an opportunity to convince themselves of this fact at the grand opening Monday, during which time Lebkuecher's orchestra will render a program of select music, especially prepared for this occasion.

No goods will be sold until Tuesday morning.

The location is the best and most convenient in the city. Their windows will prove one of the attractions of the city and will keep us guessing, "What's next?"

The interior arrangement of hardwood fixtures in a cherry color is one of conveniences and the counters are placed so as to permit free movement. The counters, divided by mahogany compartment boxes, contain various kinds of goods of each department and the shelving display further aids you in your selection. The displays are systematically placed in sections, and a glance finds the department you seek. Even then, a hunt for a special article is unnecessary, as the same attention is given to classifying the goods. The lines are complete, the assortment good, containing the newest items of the market.

The jewelry, silverware and souvenir cases are marvels of beauty and the display shows superior goods, disapproving the idea of cheap goods at small cost, as large quantity purchased permit of good quality, while the assortment is most suitable for quiet tastes. The book cases contain an elegant line of works from the best of authors and the latest titles at 10 cents per volume. The notions and novelty lines contain the numerous necessities of our every day life.

The house-furnishing department excels anything we have seen; the crockery and glassware bargains are simply immense.

The import china is most astonishing in its superb values at such ridiculously low prices, and it's only our knowledge of Kress' extensive business that prevents us rubbing our eyes to see if we are dreaming.

We must not pass the candy department, which will be the "taker" of the store. We were informed that Kress' candy sales average more than 40,000 pounds per week. The chocolates and Bon Bons are the best to be found in town, and will be always fresh.

Electric fans and good ventilation will make the KRESS store the most comfortable at which to shop in the city during the hot months, while a first-class heating plant will keep it warm during cold weather, showing that this concern gives careful consideration to the comforts of their customers.

The headquarters and buying offices of S. H. Kress & Co. being located at 396 Broadway, New York, give the best opportunity for purchasing good values at low prices, the benefit of which the shopper directly receives in over 50 leading Southern cities.

BRUTAL METHODS USED.

Then Woman When Arrested Said She Executed a Decree.

The news of the assassination of Lieut. Gen. Sakharoff, former Minister of War, who was shot in the Governor's palace at Saratoff, December 5, has been preceded by the most horrible stories of the manner in which Sakharoff had been repressing the Agrarian disorders. He recalled peasants with Cosacks, and then had them beaten with the soldiers' whips. In so doing Sakharoff pursued the system adopted by Prince John Obolensky, former Governor General of Finland, in suppress the Agrarians in the vicinity of Kharhoff several years ago when the Prince caused the peasants to be whipped by relays of Cosacks and compelled them in turn to beat their comrades. The assassin of Sakharoff has not been identified. When arrested the woman who committed the crime declared that had executed a decree of the Terrorist section of the Social Revolutionists.

AT LAST

The Obstruction at Ninth and Virginia are Removed.

Everybody is glad that the sewer contractors have gotten through with their work at Ninth and Virginia streets. Within one square the contractors have had more work than in any full line of excavation since beginning work. For nine or ten weeks they have been digging, blasting pumping and working in all kinds of weather through blue limestone, and one of the contractors says they have put more money in it than they will ever get out of it. They are glad to be through, and so is everybody else.

MRS HEWLETT

Passes Away After Short Illness.

Mrs. Sue Hewlett died yesterday morning at 11:30, after an illness of only five days, aged 66 years.

She was taken down with a cold last Sunday, which developed into pneumonia and bronchitis and afterwards was partially paralyzed Thursday she appeared much better and her friends thought she was on a fair way to recovery.

Mrs. Hewlett was the oldest of the four daughters of the late L. L. Leavell, one of the wealthiest and most prominent men of the city and county in his day. Sometime after the war she was married to Maj. James R. Hewlett, who was elected in 1874 Commonwealth's Attorney. After his marriage Maj. Hewlett took up his residence in Princeton, Ky., where he died several years ago. Mrs. Hewlett remained in Princeton several years after her husband's death, her brother St. Clair, making his home with her. Later Mrs. Hewlett disposed of her property in Princeton and came back to Hopkinsville, investing largely in real estate.

She cared but little for society, being content to remain most of her time in the quietude of her home. She was kind hearted and was always ready to respond to the call of those in need. Her only living sister is Mrs. Bell Willis. Of her four brothers two survive her. She leaves a large estate. Funeral arrangements had not been perfected at the hour of our going to press.
